Simple construction of a Pallet rack / low price solution

Maximum pallet payload: 1000 kg
Design: metal construction, grey color
Fast delivery: 2-7 weeks
Volume discount: 5 pcs / 10 pcs

ACCESSORIES

AMTECH Pallet Rack can be extended with accessories that improve the automation process.

AMTECH Pallet Rack + AMTECH Communication Box

The rack is complemented by pallet-detection sensors and an AMTECH Communication Box, which automatically starts a pallet-pickup mission.

AMTECH Pallet Rack + AMTECH Trigger Box

The rack is complemented by pallet-detection sensors and an AMTECH Trigger Box, which automatically starts a pallet-pickup mission according to the information read from a barcode or RFID tag on the pallet.
